12th October, 2018

Dear Parent/Carer

Revision Guides for Science GCSE Courses 2018

The Science Department would like to recommend revision guides and workbooks published by CGP. These are written specifically for the AQA Science GCSE courses which we teach, and are excellent value for money. Each revision guide also comes with an online edition. The revision guides for the separate Sciences are £2.95 each. There are also accompanying exam practice workbooks which are available at the price of £2.75. An answer book is also available at £1. Since triple scientists are taking 3 subjects, they need revision resources for each subject.

We strongly recommend that all students have these books to help with revision, and use the practice questions to develop their exam technique during their private study time at home. The answer books will enable students to check their own answers as they work. We will be buying some answer books for school, which students can use in their own time to mark their work, but these will need to remain in the Science department.

We will be bulk ordering these books so that they are ready to go out to students in November. The deadline for orders is the **26th October**. Orders after this date will **not** be processed. This offer is only available to the school this term, and is at half of the retail price for these resources. If you would like us to order these revision resources for your son/daughter, please complete the order form and return it to the Science department after making your payment on Parentpay. Thank you.

Yours faithfully

Mrs Elaine Kerr
Head of Science

Triple Science Revision Guide Order Form 2018

I would like to purchase Science Revision Materials for
 (Name of son/daughter)

Please tick the relevant box below:

Resource	Cost	Please tick
Biology Revision Guide with online edition	£2.95
